

SAN PEDRO

## Get involved in Ponte Vista

San Pedro neighborhood council representatives have asked the city of Los Angeles to hold all upcoming meetings regarding the Ponte Vista housing development in the Harbor Area.

A resolution passed Aug. 20 by the Coastal San Pedro Neighborhood Council also recommends that the city Planning Department hold public workshops or organize focus groups as a means to involve the public as much as possible in any future staff recommendations or Planning Commission action regarding the San Pedro housing proposal. Including the widest possible community involvement, the resolution says, will help make the process "transparent (and) meaningful."

The resolution said that the existing draft environmental document "fails to address many issues, particularly traffic impacts," and that a new document needs to be developed.
