

R-1 Support Petitions break the 8,000 Mark

Over 5,000 petitions submitted to Janice Hahn's office at June 7th meeting

R Neighborhoods Are 1 handed 5, 140 petitions over to Janice Hahn's office during the June 7th meeting of the Ponte Vista Community Advisory Committee at the Crowne Plaza Hotel in downtown San Pedro.

Bruce Horton, representing R Neighborhoods are 1, gave Gordon Teuber, Hahn's Director of Community Development, the stack of forms with the comment "this is just another example of the how the community really feels about the proposed 2300 unit development. At this point, people can't wait to sign on in support of R-1 zoning."

At the going rate of signature collection, the group expects to hit the 10,000 mark fairly soon. "That is our first goal," said Bruce Horton, "but we won't stop there. We expect to be collecting support petitions throughout the entire planning process."

For those individuals who want to help in the collecting more signatures, just log on to the group's web site at www.rneighborhoodsare1.org/7.html and download petition forms and supporting documents.

"We are seeing a big increase in the number of folks out there collecting signatures," said Horton. "They take them around where ever they go now and the response has been overwhelmingly positive."
