

San Pedro prefers smaller Ponte Vista

I would think, by now, that the San Pedro community has clearly indicated its preference to a very scaled down Ponte Vista; it never ceases to amaze me that, while Bisno has been justifiably replaced, another equally insensitive, uncaring, and uninformed person or persons take his place. Don't you folks get it? Once they build it, they will be gone; in the meantime, we have a new unwanted high school while one of the oldest high schools in LA continues to deteriorate...a port with no vision as to how to attract business and tourist attractions into this part of the City and continuing annoyances such as unreasonable parking rates, humps, bumps, and stop signs.

Please WAKE UP AND SMELL THE WILL OF THE PEOPLE!! I would respectfully suggest that you take up our President's suggestion that government be accountable, responsible, and transparent. Ponte Vista is your opportunity to show your commitment to this concept. In the words of Nancy Reagan "just say no"..say it loud enough and clear enough so that these greedy developers (Credit Suisse) can hear you and replace that housing with the same number of units. After all, they won't live here after it is built, but the rest of us will.

Just because Bisno and crew have bought off a small segment of the community with meals and other forms of B.S. doesn't mean that you have to buy into it. It would be nice, Janice, to see you finally stand up for your father's legacy and do the right thing. San Pedro already has enough environmental problems to deal with. Have you checked the air lately? Maybe we can have a Green Ports discussion some other time, but that whole program is a joke as well.

At any rate, I am betting that you won't hear or celebrate the will of the People....so surprise me and DO THE RIGHT THING!!!!!!!

Warmest Regards,
John M. Fentis
