

***This is Your Chance to
Speak Out on Ponte Vista!
Ponte Vista Open House
Thursday, March 12
Peck Park Auditorium
4:00 to 8:00 p.m.***

The developer will show the community its latest plans.

You need to come to the open house any time between 4 and 8 pm and tell them what you think should (or should not) be built.

Nothing about the future of Ponte Vista has been decided and it's important that the developer hear from the community.

We believe the planning department recommendation to say no to the developer and start over is the only way to get a project good for the community.

We hope you agree.
