

Unions ignore traffic problem

Having lived in San Pedro my whole life, I want to respond to the article on the front page of Friday's Daily Breeze regarding the Ponte Vista project. My family and I are opposed to the project due to the reasons always mentioned: more people and more unneeded traffic.

The mention from union workers that it will provide jobs makes me ask them this: When the project is built and wages are paid, won't San Pedro then be stuck with the heavy Western Avenue traffic problem? Not all of these union members even live in San Pedro and won't have to deal with the traffic. My husband is a Teamster, so we are a union family, but to ask for a job that causes problems for the town is unfair!
